Faith Is Modern World's Greatest Need-Spiritual Principles Same In Every Age-This Ancient Story Speaks to Modern Youth -"Follow The Gleam" Still The Slogan

By WILLIAM T. ELLIS and EARL L. DOUGLASS

ner Voice that every wistful heart may hear
Of ourse he shared the fate of all dreamers in being called a fool, but this Abraham was the father of every man and woman who from his day to this has prized and cherished religious faith. Abraham was the man in whose seart religious faith was first planted by the hand of God. He prepared the world for the coming of his descendant in the flesh, Jesus of Nazareth, in whose life and

of his descendant in the flesh, Jesus of Nazareth, in whose life and message the world saw faith and the fruits of faith perfectly shown forth.

A superficial reader of the Bible often misses its teaching concerning the nature and potency of faith. The Bible assures us that faith is a supernatural power in men's hearts which when it begins to operate produces veritable miracles. Jesus said that if we miracles. Jesus said that if we have faith we can remove mountains. He urged men to pray saying that whatsoever they asked in his name they would receive, in the solution of Jesus said that if we

Here, then, is the power of
which our modern world stands in
most desperate need. This Abraa divine call put his life in God's hands and became the first man of faith in human history—is not a mere desert sheik who lived four thousand years ago. He is the man toward whom the modern world needs to turn in its desperate hour of need. For unless the modern world hearkens to the distinction of the distinction o vine voice and has faith, it will go

Tonybee has recently analyzed with
such remarkable penetration. We have to awake to the realization that God still calls nations as well

that God still calls nations as well as individuals.

Let us be very sure that the measure of our individual, national, and world-wide triumphs will be strictly according to our faith. We can have anything in this life that we have faith enough to purchase. The message of the Bible is, "According to your faith be it unto you" If we have faith that we can succeed, we can succeed. If we have faith in our loved ones, we shall be supporting them with we shall be supporting them with we shall be supporting them with a power vastly greater than our presence with them every minute could confer. Necessary as national defense is, nations willing peace, pursuing peace, and having faith that God will give the nations peace, will find that the affairs of mankind will be so arranged that lasting peace will surely result. And this will come about because of men's faith.

And this will come account of men's faith.
Faith is Essential
There is no such thing as religion without faith. The attempt of modern rationalists to explain religious turns out to be pretty superficial and silly after all. In last analysis the promises of God, and that takes faith. We have to have faith that God still calls men as he called Abraham centuries ago. We have to have faith that following

By CLYDE E. JOHNSON
Daily Sun Staff
A University of Texas educator cautioned Navarro County teachers Tuesday night about "mainutrition of the spirit" and prescribed three "vitamins" to fight the disease.

The speaker, Dr. Dorothy Reed Peckham, of the University's School of Education, addressed more than 150 teachers at their first meeting of the term at Navarro Junior College.

Using the subject "Teachers As Individuals," Dr. Peckham pointed to friendship, self respect and a test for living as ways to overcome inferiority feelings, moodiness, discontent, grumbling and unusual agressiveness.

Personality Important
Stressing personality, she declared that "an intelligent person may or may not have a good personality is on the fundamental of a successful life."

ARMSTRONG tractor tires-greatest gripping power ever!

- Clean-Quick Tread . . .
- Vise-Grip Action . . .
- Wide-Center Traction . . .
- Rhino-Flex Carcass . . .

Farmers who know their tractor tires agree that for extra pulling power and extra toughness you can't beat the new Armstrong. They know this rugged tire takes a firm grip . . . pulls hard throughout the full length and depth of its traction bars. And they've learned that those bars are strongly buttressed to stand up in hard service.

The Clean-Quick Tread sheds mud and dirt-prevents loss of traction. Its wide center riding surface rolls easier on the highway, eliminates lug bending and tearing, gives longer tire life.

Teacher Requirements
Besides having to devote "money, time and interest" to school work, and be an "uplift of the community," teachers is this particular community, she said, must go to Sunday School at all times.

"And they are not to go out with men usless he serves as a stimulant to Sunday School work," she stated. "They can not become engaged or secretly married. I imagine there's a lot of Sunday School work going in in hat community."

Many places are unjust and hard on teachers, she said.

Dr Peckham declared that teachers are "prone to become too engrossed in teaching." and she advocated more recreation—a zest for living.

Explaining the "friendship vitamin," she said "human relations plays such a major role in a teacher's life." The self respect she prescribed can be attained, she said, "by joining forces with other teachers and working for something good." And she urged the teachers to live up to their code of cthics.

An attractive young brunette, Dr. Peckham formerly was county supervisor in Travis County. Tuesday was her first visit to Corsicana, she said, although she has lived in Texas all her life.

The speaker was introduced by Miss Irene Hardin, county supervisor. Dr. Peckham's mother, Mrs. Reed, also was introduced. A musical program was presented by Tommy Dixon, First Baptist Church educational director, who sang "Old Man River" "Sweet Little Jesus Boy," and "That's Why Darkies Were Born."
